M DECO factory is the leader in designing and making of furniture and interiors in this part of the world. It was founded in 1998. in Nova Pazova (Serbia), where there are its production facilities, located on 4500 m². The common nominator for all of our products is quality, exclusivity and glamour.

The quality of our products is mainly in the material that we use: solid cherry tree and cherry veneered panel. The complete production process is done within the factory, from drying up wood in a modern dry kiln, through making furniture using contemporary technology, to varnishing using the Italian furniture varnishes of the highest quality. Our furniture and interior design is unique and recognizable in law offices, business premises, cabinets, banks, hotels, restaurants, embassies, and private homes.

We represent our country in the world by furnishing a luxury 5*hotel Caspian Riviera in Kazakhstan, taking part in furnishing a castle and a hotel in St. Petersburg, taking part in furnishing of MGIMO University for international affairs in Moscow as well as by furnishing many business premises in Russia.

Through fifteen years of work and selection of the workers, we formed a team of 50 hard-working and dedicated people. With selfless dedication, desire to be better and more successful, with strength of will and skills of their diligent hands, they successfully follow and implement the requirements and ideas of the people who are behind all this ...

Fabrika M DECO je lider u projektovanju i izradi nameštaja i enterijera na ovim prostorima. Osnovana je 1998. godine u Novoj Pazovi (Srbija), gde se na 4500 m² nalaze proizvodni pogoni.

Zajednički imenitelj svim našim proizvodima je kvalitet, ekskluzivnost i glamur.

Kvalitet proizvoda je prvenstveno u materijalu koji koristimo: masiv trešnje i panel furniran trešnjom. Kompletan proizvodni proces se obavlja u krugu fabrike, od sušenja drveta u modernoj sušari, izrade nameštaja uz primenu najsvremenije tehnologije, do lakiranja visokokvalitetnim italijanskim lakovima.

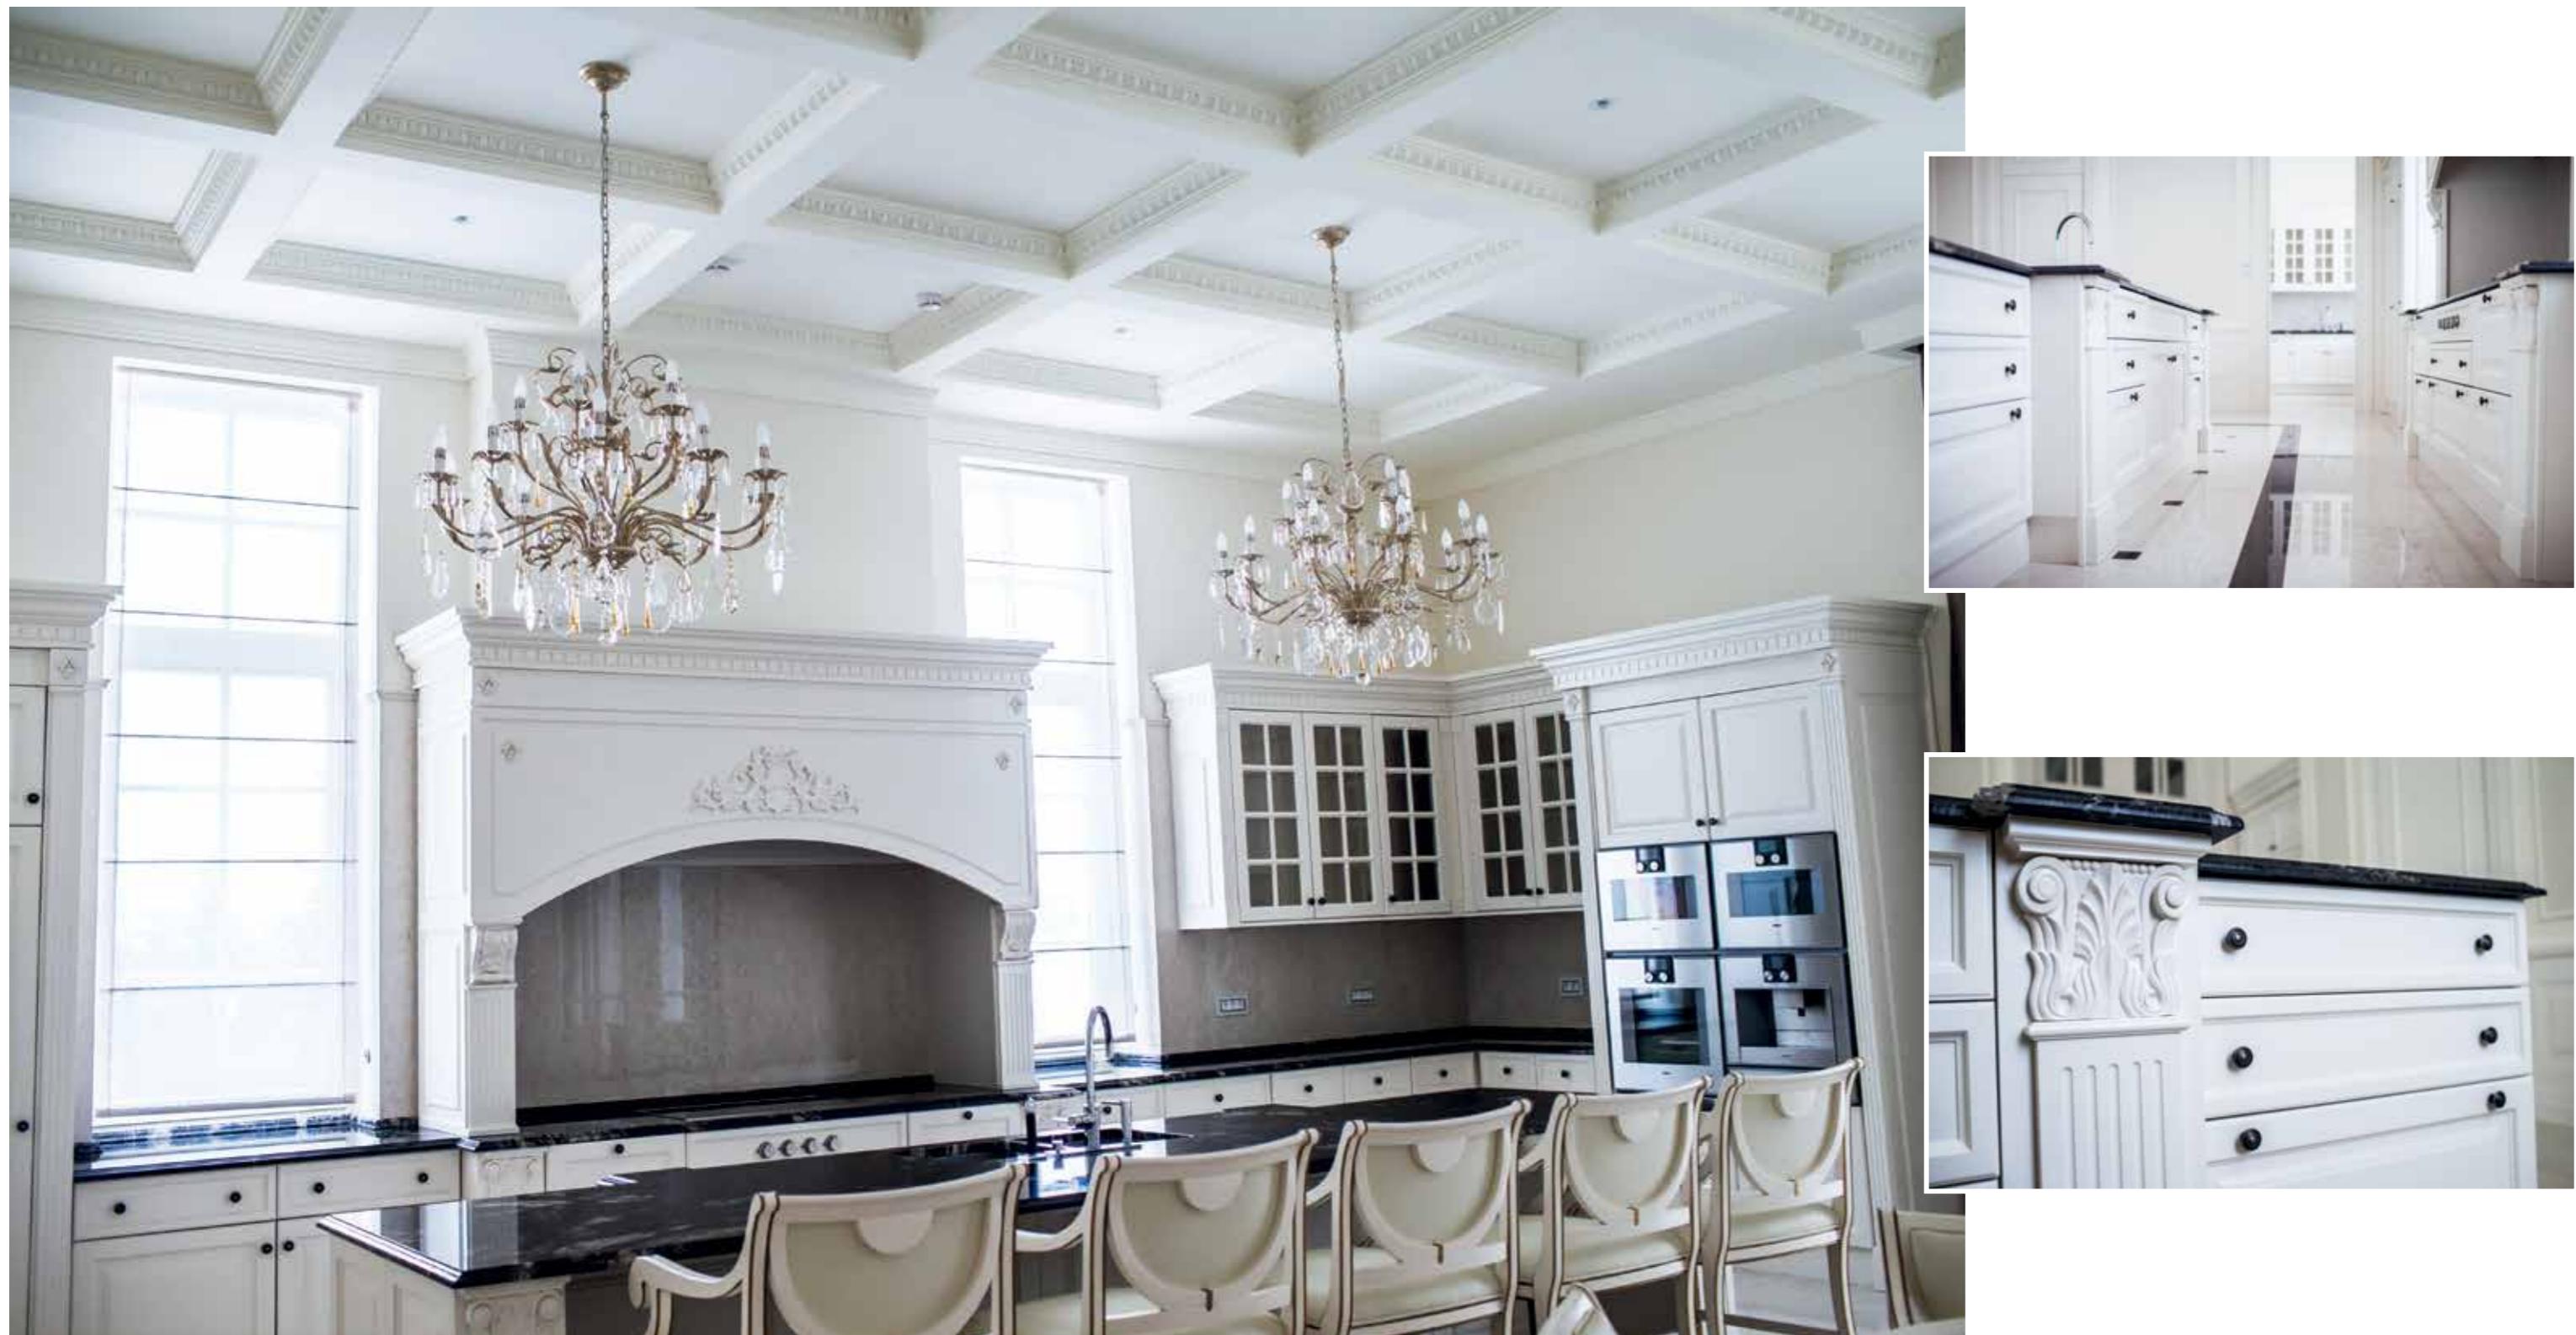

Naš nameštaj i enterijer je jedinstven i prepoznatljiv kako u advokatskim kancelarijama, poslovnim prostorima, kabinetima, bankama, hotelima, restoranima, ambasadama, tako i u privatnim domovima.

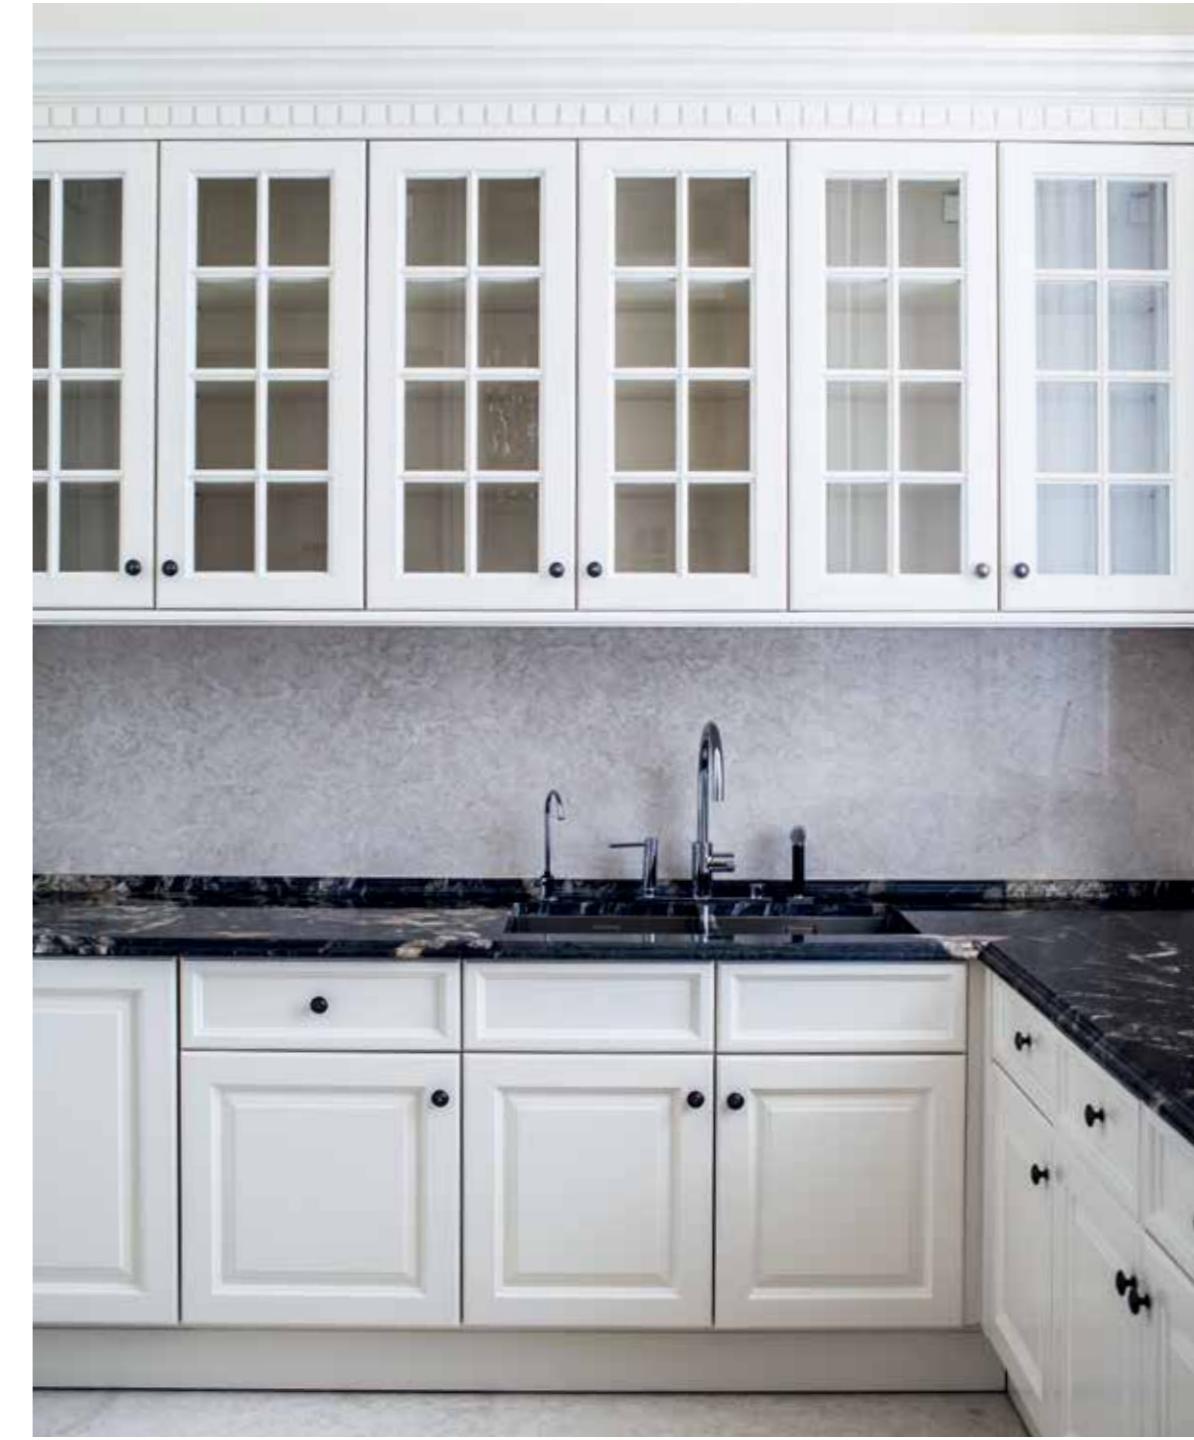

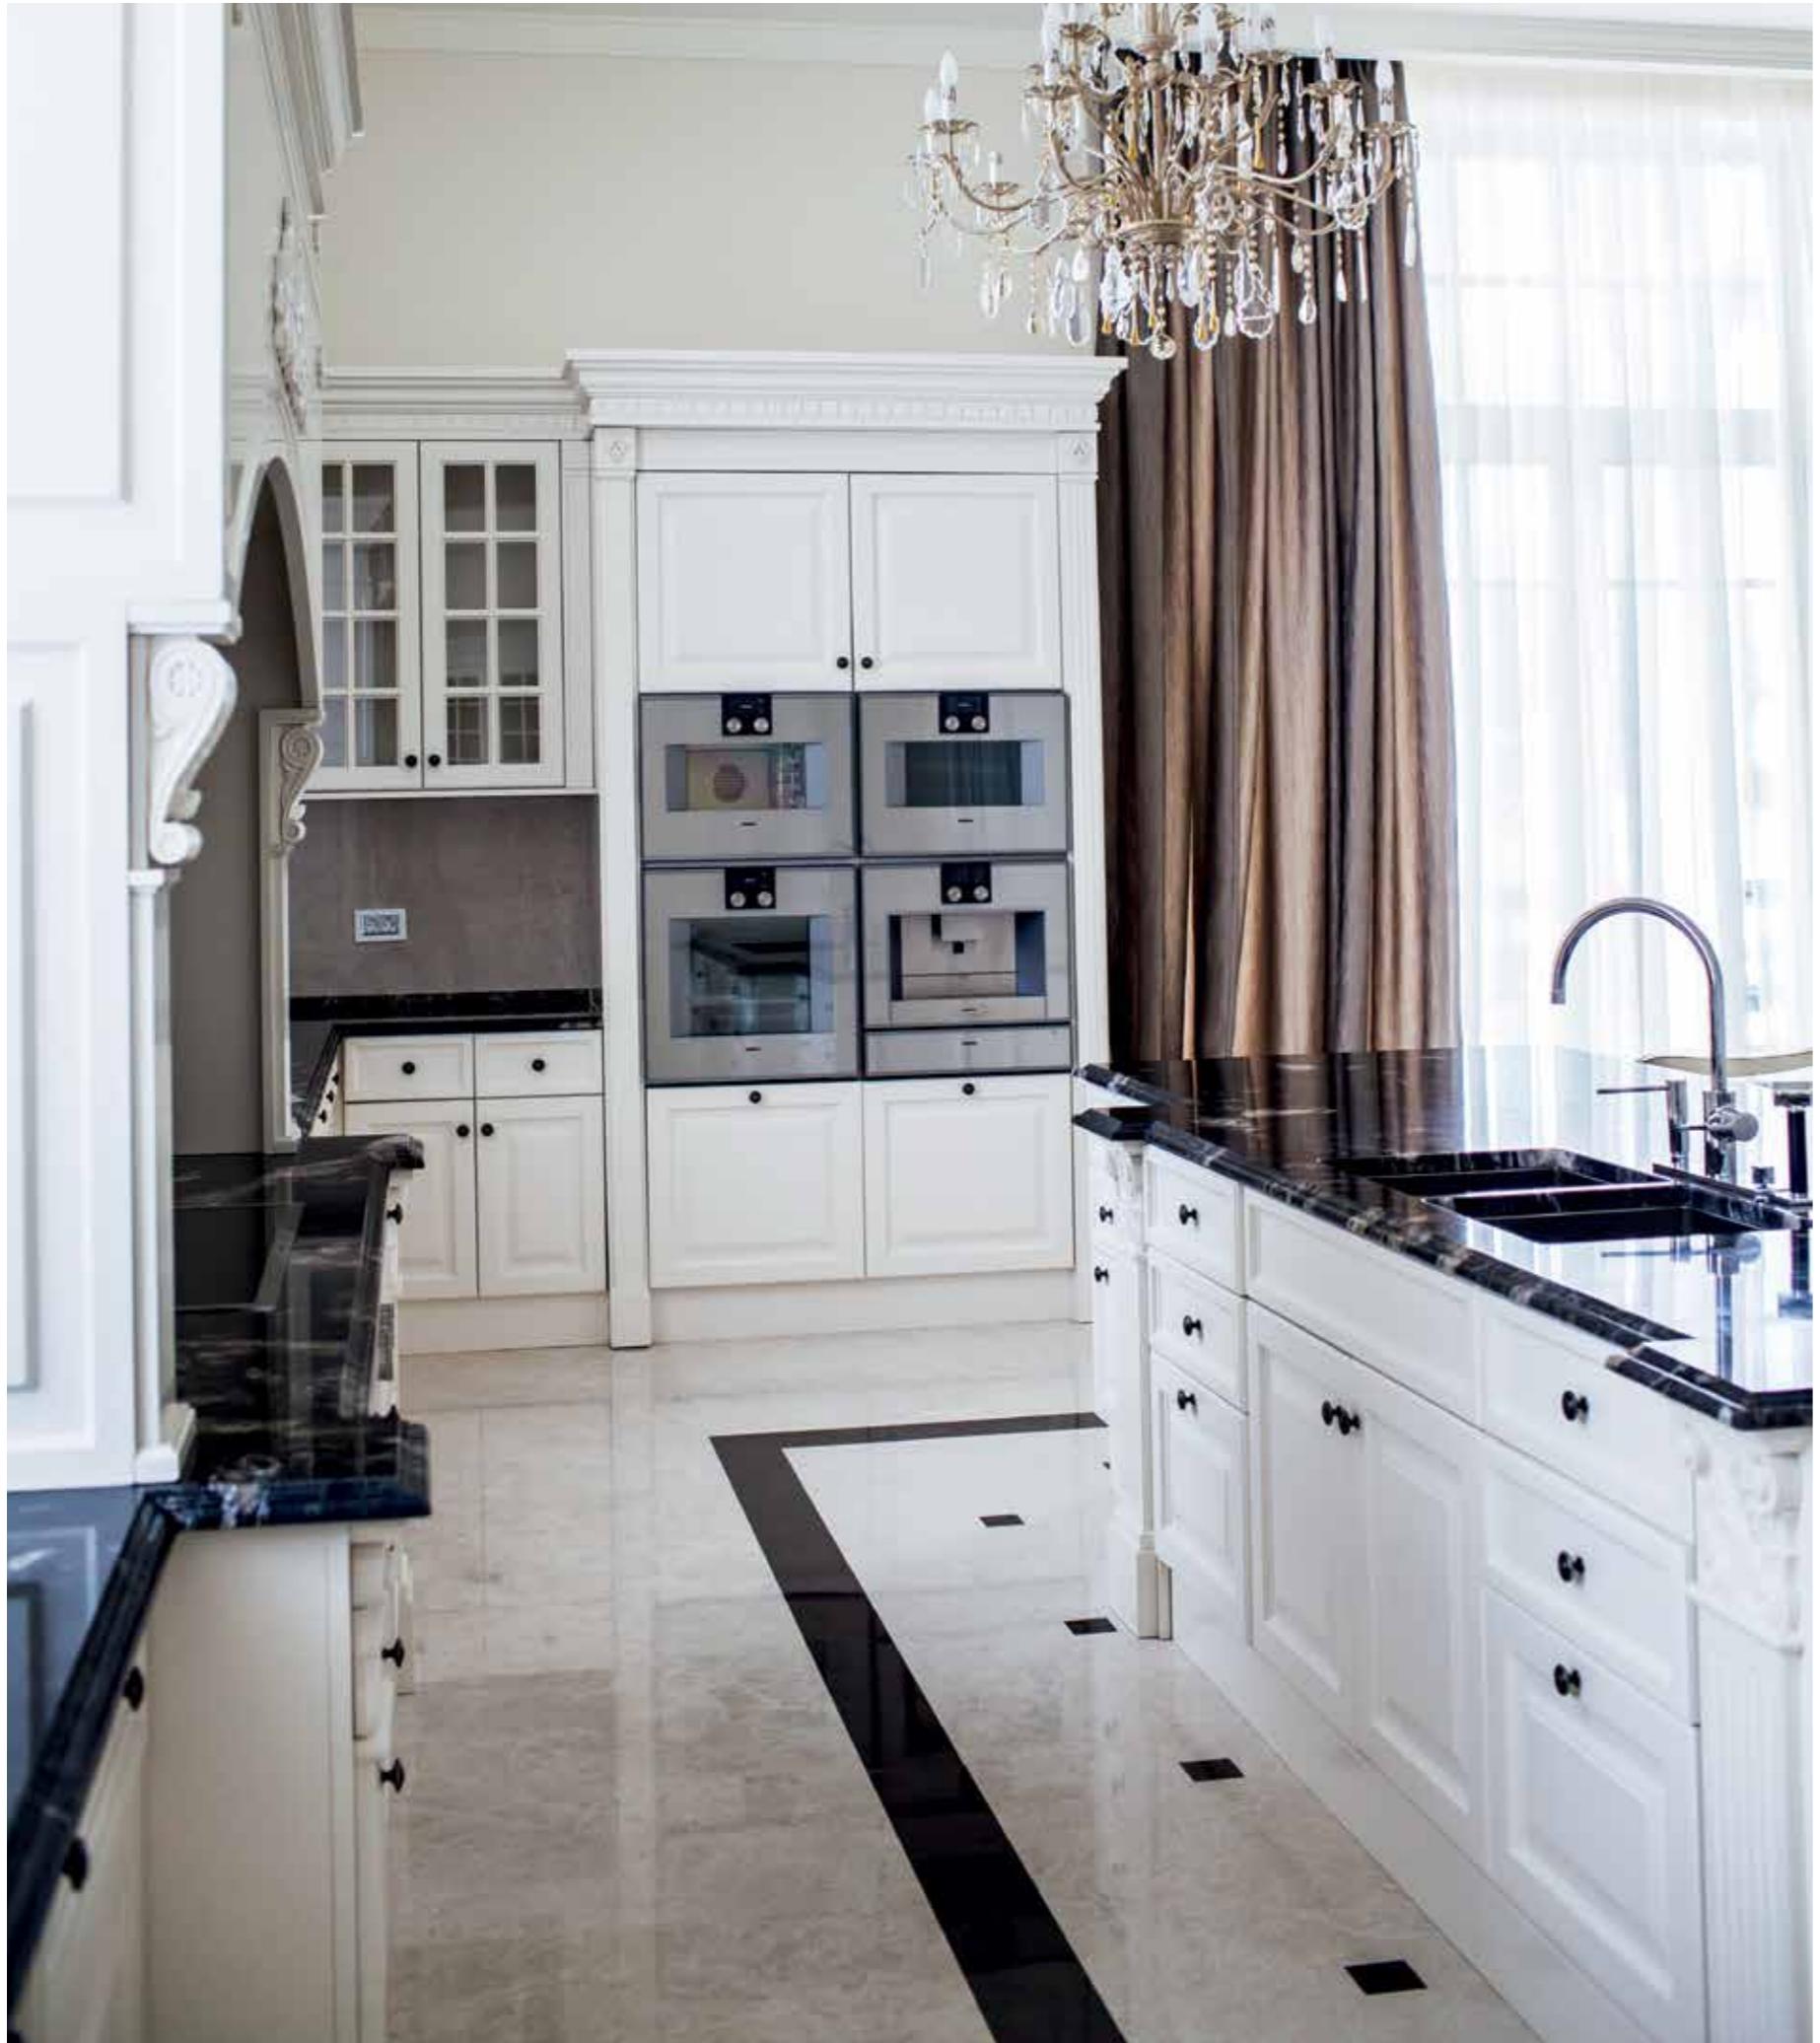

Opremanjem luksuznog 5*hotela Caspian Riviera u Kazahstanu, učešćem u opremanju dvorca i hotela u St. Peterburgu, učešćem u opremanju MGIMO Univerziteta za međunarodne odnose u Moskvi i opremanjem brojnih poslovnih prostora u Rusiji, predstavljamo našu zemlju u svetu.

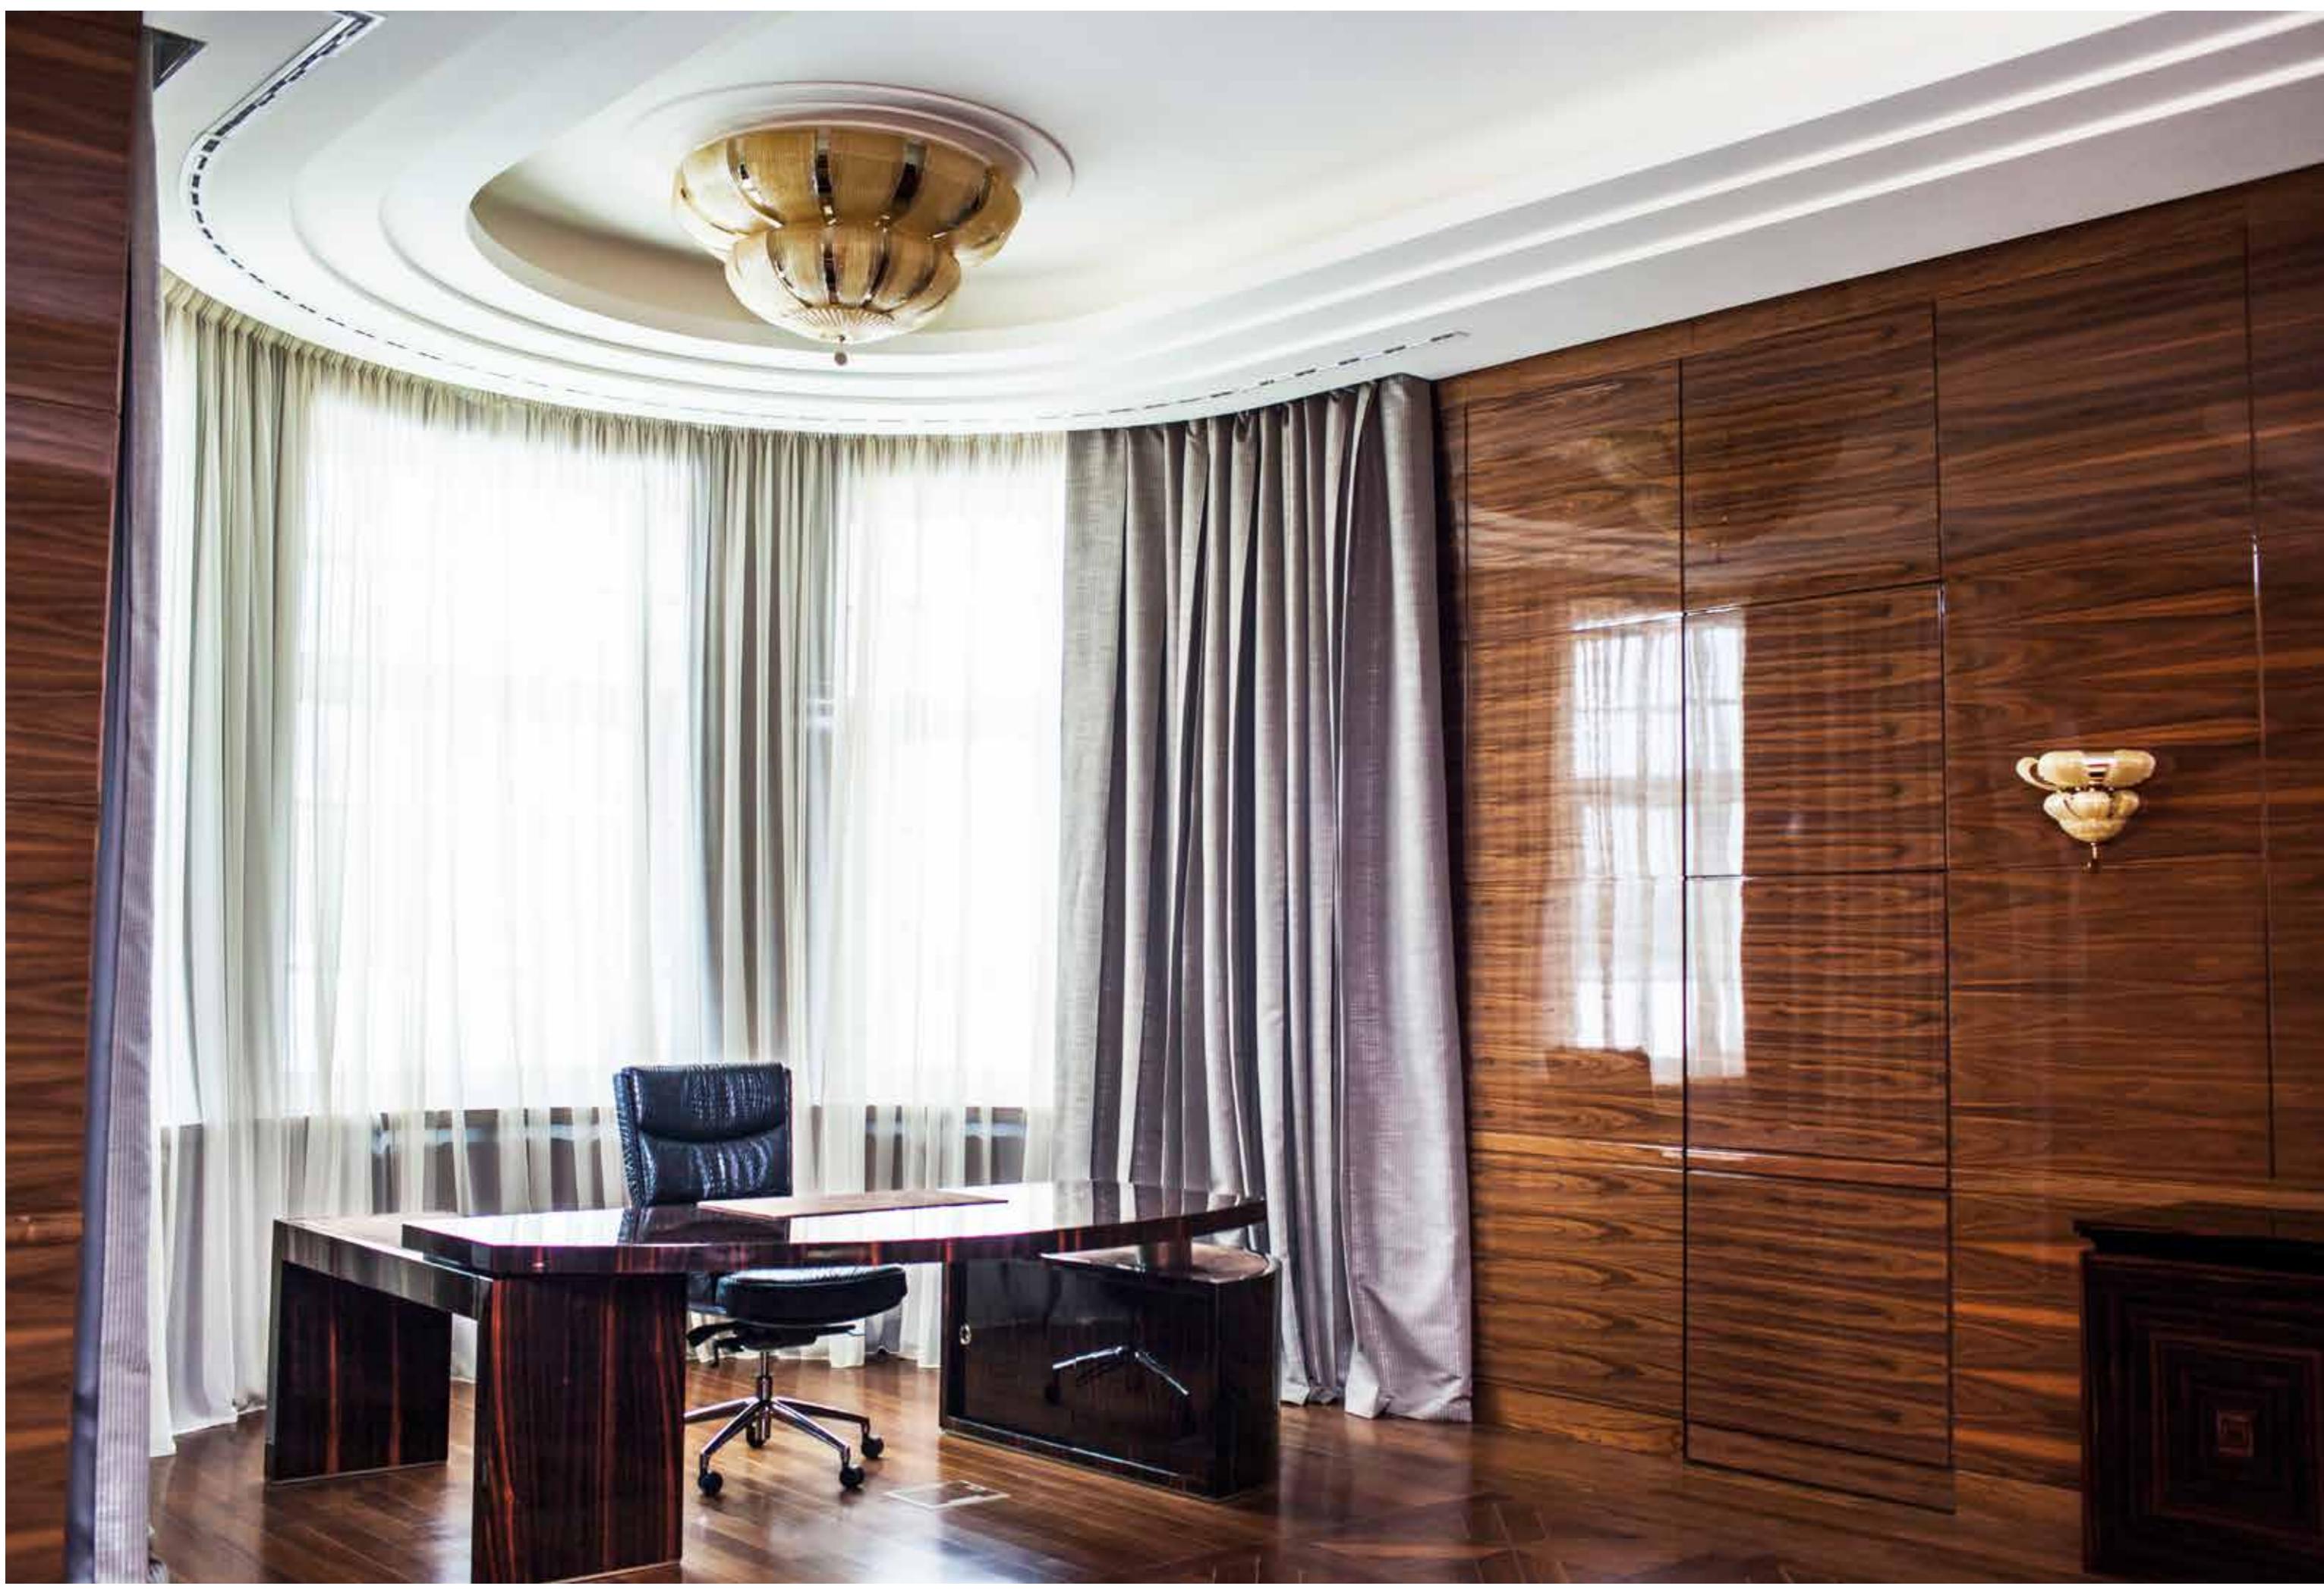

Kroz petnaestogodišnji rad i selekciju majstora formiran je tim od 50 vrednih i predanih ljudi. Nesebičnim zalaganjem, željom da budu bolji i uspešniji, snagom volje i umećem svojih vrednih ruku, uspešno prate i ostvaruju zahteve i ideje ljudi koji stoje iza svega ovoga...
